## **GEMS FROM TMI'S ARCHIVES: Near-Death Experience of a Neurosurgeon**

TMI's archives are full of treasures, some tucked away and invisible to the casual eye -- hours of priceless video featuring Bob addressing program groups, special meditation exercises, program participants sharing their experiences, guest speakers; photos, audio, and documents from days of yore. This issue's gem, it turns out, is quite recent:

[Near Death Experience of a Neurosurgeon](#)

A must watch!

*TMI's research director, neuroscientist Eben Alexander, III, M.D., F.A.C.S., describes the near-death experience that transformed his life. While bacterial meningitis completely overwhelmed his brain leading to coma, Dr Alexander encountered an earth worm eye view of the world, then the warm loving light...*
